### REASONS WHY I SHOULD BE CONSIDERED FOR THE SCHOLARSHIP

Your prominent tertiary institution of Lakeside university college Ghana has reputation of producing able students in computer science and other courses.

I am very pleased to apply for scholarship opportunity in your great university. am Abdul-Aziz Hussein 20 years old and male .I have been for a degree in bachelor of science program in computer science by the admission office.

I would therefore like to use the opportunity if granted to pursue my degree course. This will be a long way to help me complete the course without any problem. since my family has no financial support to do that it is always be challenge for my parents and family to give me good quality education but that was not materialized despite my wish and interested to further my education to university level, get job and take care of my family as far as poverty is concerned.

I was so happy to be informed about the scholarship opportunity by your university. This scholarship if given will allow me to have access to good quality education in my chosen field of study computer science. I have developed interest in network programming since my secondary school years and I want to be a
