Dear Sir

APPLICATION FOR SCHOLARSHIP

I am a young man of 32 year old, who had followed a course of studies in General Science and sat for the WASSCE exams with a very good result for eleven years now and still had not gotten the ~~to~~ chance to the tertiary due to lack of financial support.

My father use to be a farmer on a small scale farming but almost ten years now due to old age he is in the house. My mother on the other hand is into kenkey selling with very low income.

We are ten in the family of which I was the fifth of the ten, I was also the first to get the chance to a Secondary School by a support I received from Abaj Ahmed. He died before my completion.

On this note, I made change of course to the Institute of Islamic Studies (Research) Nima Accra Ghana, where I spent six years with a Secondary cycle certificate also with a very good result. On completion in 2018, I started teaching in one of the local private schools but still the income was too low to even support the family let alone to talk of schooling. It was on this that a lecturer and teacher of Galaxy International, made mention
