

REASONS WHY I SHOULD BE CONSIDERED FOR THIS SCHOLARSHIP

Dear scholarship committee,

I am Kekeli Kwasi Kelvin Kpekpo, from an early age, education has always been my priority hence I took my studies seriously. After my Junior High School I gained admission to study General science at Sonrise Senior High School (SHS) at Ho but my Senior High School (SHS) education was abruptly truncated after just a year of schooling. This was due to my father's ill-health coupled with consequent countervailing financial pressures. I had to spend over 3 years at home doing many different jobs in Accra just to enroll myself back to school in the 2010/2011 academic year. This time, as a General Art student since my new school was not offering General science at the time. My SHS experience was a terrible one to say the least. I was providing for and paying my fees all by myself. I spent the last academic year at home because I was owing a lot of fees, this had a negative impact on my final examination results, which I was fortunate to have even written. My hope and interest in education was totally crushed at this point.

As fate may have it, a little less than 2years ago, I started working as a grounds-keeper in this noble institution and miraculously, my faith an interest in higher education was reignited. I applied and gained admission as a mature student to pursue a degree program in Business Administration. It is my prayer to major in financial accounting at my first-degree level and further to pursue UK Tax Law in the future. I hope to use my life experience to coach and motivate the youth to focus on and pursue their dreams at all cost. Also, since reading and writing are my favorite hobbies, I intend to write and publish books on some of the major issues affecting the youth today. A few, I may say, are at various stages of research and writing already.

Committee members, from my experience at the Senior High School level, it is obvious I cannot achieve all the above without your support in form of scholarship. I sincerely appeal to your good conscience to consider me for this scholarship. I pledge to adhere to all conditions precedent as regards this scholarship, to take my studies seriously and contribute to the scholarship scheme in the future. Am grateful for your time and kind consideration.
