Dear sir,

APPLICATION LETTER FOR A SCHOLARSHIP PROGRAM

I am writing this letter with reference to your Scholarship program that you offer students. I am Mohammed Salifu and I was a student of Nkrankwanta Senior High/Technical School back in SHS. This school is located at Bono- Ahafo region in Ghana which is far from where I live kaso in Cape coast, the fare from my palce to the school cost me Two hundred and thirteen cedis because of financial problem I never go home when is mid-term or holidays I only go home on long term vacation.

The school is found in a small village in Nkrankwanta where you need to bypass many villages before you get there and you will pass by a forest called the Diabaa forest .It is very difficult for a dull student to pass in such school because of the policy there, I was able to live in this school and I learned harder till my final year and I came up with flying colours with grade 14 in wassce.

I live in a family of twenty including my three parents ,my father has two wives which the first wife has nine children and the second wife has eight children. My father is a retired security man, he retired in the year 2003 and he is financially poor to cater for me and my five siblings at my mother side and three at my father's elder wife side. My father is responsible for paying of light and water bills and other bills in the house and he is also the only one struggling to pay for my eight siblings school fees and any other fees regarding school or any learning place like the Islamiyya and accommodations.

These reasons listed above are why I would like you to judge my situation and consider me for a scholarship. I will be grateful if you kindly provide me a scholarship to fund my education.

Thank you.

Yours faithful,

Mohammed Salifu
