Dear Sir,

**WHY I NEED TO BE CHOSEN AS A SCHOLARSHIP STUDENT AT
LAKESIDE UNIVERSITY COLLEGE OF GHANA?**

I am highly delighted of this wonderful opportunity given to me to be part of scholarship students at Lakeside University College of Ghana (LUCG), likely I was counted.

Fortunately, when I heard this information, I was happy and the reason was that my parents are needy, Due to circumstances the situation was not going on well for me and my parents. Really my father is a farmer and I always help him on the farm, but still because we are facing financial problems. Most of the years when we harvest the farm products we have to struggle before we could get tractor fare, seedlings and so on as a preparation for next year.

I am my father's first born and my junior brothers and sisters who's about six (6) in number "we and most our family members" are mainly depending on my father. One day I day told my father, the way we are suffering with the farm work and we are not seeing any improvement I need to focus on my education so that one day I will, change the situation we are facing by the grace of Allah.

To my conclusion, I am praying here that you would accept me as your scholarship student in Lakeside University College of Ghana (LUCG), may Allah help all of us.

Thank you.

Yours Faithfully,

Baba Iliasu
